

James E. Deitrick - Senior Engineer

Mr. Deitrick is an Ohio Registered Professional Engineer and a Surveyor Intern. He received a Bachelor of Science in Petroleum Engineering from Marietta College, Marietta, Ohio in 1984. His professional career began at Nuclear Consulting Services, Columbus, Ohio in 1984 where he served as a Field Test Engineer until 1986. In 1986 he became an Operations Engineer at Columbia Gas of Ohio, Columbus, Ohio where he was responsible for design and operation of natural gas distribution facilities in Columbus and Southeastern Ohio. He was promoted in 1992 to Supervisory Engineer where he managed the design, construction, and mapping of natural gas distribution facilities in Southeastern Ohio until 2004. After completion of a Bachelor of Science in Surveying & Mapping from The University of Akron, Akron, Ohio in 2004, he served as a Civil Engineer/Surveyor with Linn Engineering, Zanesville, Ohio where he performed boundary surveys, site development, landfill design, and ODOT roadway design until 2007. He currently provides engineering and design services as Senior Engineer, UTI, where he is responsible for project management of natural gas distribution and crude oil piping systems.
